# NASEEHA AT A GLANCE

Naseeha Institute is a non-profit and non-political educational institute dedicated to reviving Islamic learning and scholarship among the masses by bringing the study of the Quran and the Prophetic Sunnah to **students and working professionals** in an institutionalized setting. Our mission is to produce a generation of independent Islamic scholars and thinkers who are at the same time working professionals contributing to society. Our team is committed to bridging the gap between the curricula of mainstream secular education and specialized Islamic studies being taught at Madaris. We expect our graduates to be active role models in their communities, respected both for their knowledge of religion and for their flexibility, realism, and independence of mind with which they apply it. In this way, they can inspire others to combine the practice of Islam with a positive concern to use their personal and professional skills for the **benefit of the whole society**.

## ABOUT AQS

The Associate of Quranic Studies degree is designed to provide keen insight to all those who wish to begin a journey towards understanding the book of Allah. Students will study Quranic Arabic in depth and develop the ability to understand the Quran in its native language. It will help the students develop an appreciation and strengthen their **love for Qur'an** by equipping them with the necessary tools to understand and engage with the text more meaningfully.

Additionally, students will be introduced to fundamental topics and themes of the Qur'an to help them navigate through the life of this world.

The Messenger of Allah (PBUH) made this beautiful du'a: **“O Allah, make the Qur'an the spring of my heart, the light of my chest, the remover of my sorrows and the eliminator of my worries.”**
